High Value Living

Our Personal Letter to You...

As we journey through life, everyone of us goes through difficult circumstances. As we watch the news of the world unfold before us, we see great suffering caused by wars and tragedies. We wonder why do these things happen? Why is our world in such turmoil?

This course takes us back to the beginning where we see the onset of two things – God’s magnificent plan for His creation and the evil that arose to oppose it. When, Adam and Eve, first man and woman, chose to believe the lies of the evil one and obeyed him instead of God, it affected the whole of mankind. They released Satan’s power over the earth and the battle between good and evil began.

This is the beginning of the account but not the end. God’s great plan cannot be thwarted and so Jesus, the great deliverer, came on the scene.

Every blessing from
