

## *High Value Living*

### *Our Personal Letter to You...*

*Dear Friend,*

*We have been praying for you as you have studied this special course. We believe you have come to understand many things about your new life.*

*We would like to encourage you to buy a Bible of your own from any Christian bookstore, or ask at any Christian church. This is your handbook for your whole life.*

*Try to find a good church where you can have good friends and encouragement.*

*Stay away from places and people who could be a bad influence and who would try to tempt you in the wrong direction.*

*Every blessing from*

**Millions of books are written and read all over the world every year but the greatest of all is God's book, the Bible.**

**It is the world's best seller year after year.**
